

Key Benefits

- Multi-Output Design: Extends network power for ONT and Gateway with a single unit.
- Backup Time: ONT + Gateway: 4-7 hours
- Gateway Only: Up to 12 hours with sleek, modern in-home design.
- Enhanced Customer Experience
- 911 Emergency Calling: Provides uninterrupted access to emergency services through Wi-Fi calls.
- Security and Peace of Mind: Ensures Wi-Fi remains operational during power outages.
- Versatile Applications: Powers PoE devices, including ONTs and video surveillance equipment.
- Portable Power Bank: Acts as a large-capacity backup for additional needs.

Business Advantages for ISPs

- Boost Customer Satisfaction: Keep customers connected during power outages and brownouts and reduce churn rates.
- Drive Revenue Growth: Offer the Wi-Fi UPS as part of a top-tier package or charge a nominal monthly fee.
- Stand Out in a Crowded Market: Use as a powerful marketing tool to attract new customers and build loyalty.

Why Choose the MEGA Wi-Fi UPS?

- Innovative Power Solutions: Designed for flexibility and reliability.
- Customer-Centric Features: Tailored to meet the evolving needs of modern households and smart home devices.
- Market Differentiator: Elevates your service offerings and strengthens your brand.

Input	
AC Input Voltage AC	AC 100-240V
Input Frequency	50/60 Hz
Plug Type	3 prong

Output

Total Output Power: 100W Max.
 POE Output Voltage and Current: 48V/1.25A
 DC Output Voltage and Current: 12V/5A Total
 USB Output Voltage and Current: 5V/2.5A
 DC Output Size: Female DC 5.5*2.5mm
 DC High power: 52V/1.9A

Battery

Type: Li-ion 34,800 mAh/111.36wh
Design Lifespan 8 years
Runtime Up to 12 hours

Physical

Product size: 10.2" x 10" x 1.9"
 Net weight: 4.85 lbs

Environment

Operating Temperature Electronics 0°C to +50°C (32°F to + 122°F)

Operating Humidity 0% to 95%
